The Property Tax Assistance Division of the Texas Comptroller's office requires appraisal districts to publish an annual report. This report provides property owners, taxing units, and other interested parties information about total market and taxable values, average market and taxable values of a residence, and exemptions at the time of certification of values to the taxing units.

Article 8 of The Texas Constitution defines five basic rules for property taxes:

- Property taxes must be equal and uniform
- Generally, property must be taxed at market value defined as "the price at which a property would transfer for cash or its equivalent under prevailing market conditions". There are limited exceptions to this rule, such as productivity value for agricultural land.
- Each property must have a single appraised value.
- All property is taxable unless federal or state law exempts it from taxation
- Property owners have the right to reasonable notice of increases in the appraised value of their property.

The Morris County Appraisal District was created by the Texas Legislature in 1979. Senate Bill 621 required that an appraisal district be established in each county for the purpose of appraising property for ad valorem tax purposes. Appraisal districts are local government political subdivisions of the state responsible for appraising property with county boundaries. Prior to the creation of central appraisal districts, each taxing unit followed their own appraisal standards and practices. Values were inaccurate and inequitable. Property owners were required to visit multiple taxing units to resolve any disputes concerning property value. Appraisal districts are independent of the taxing units but are governed by a board elected by the taxing units elected officials.

By law, an appraisal district is to be managed by a professional staff with training and education prescribed by the State of Texas. Appraisers are registered with the Texas Department of Licensing and Registration and must complete courses and exams to become a Registered Professional Appraiser.

Appraisal practices are governed by the Texas Property Tax Code and rules established by the Texas Comptroller of Public Accounts. The Property Tax Assistance Division conducts a property value study and a Methods and Assistance Program review in alternating years. Results of both reviews are available on the Comptroller's website.

Daingerfield-Lone Star ISD, Pewitt ISD and Hughes Springs ISD offer homestead applications for the 65 and older property owner, the disabled property owner, and surviving spouse of each of those (if the spouse is 55 or older) creates a tax ceiling prohibiting increased taxes on the homestead on existing buildings. Any new areas added to the home site will cause the ceiling to be readjusted in the next tax year. Homestead exemptions available on 20 acres with home.

The other taxing jurisdictions have not adopted tax ceilings for the over 65 or disabled homeowners. All homeowners with qualified homesteads are subjects to the placement of a homestead cap which prohibits the increase of taxable value on the homestead property to ten percent per year. Market value can still be reflective of the local real estate market.

**Disabled Veterans**

In addition to the residential homestead exemption allowable to disabled veterans with a 100% service connected disability, disabled veterans are allowed a general exemption on any property they own based upon the percentage rating as determined by the Department of Veterans Affairs. Current exemption amounts are:

DV Rating	Exempt Amount
10-30%	\$5,000
31-50%	\$7,500
51-70%	\$10,000
71-100%	\$12,000
